Calvert County Department of Planning & Zoning to Hold Workshops for the Calvert County Transportation Plan

PRINCE FREDERICK, Md. – March 19, 2019 – The Calvert County Department of Planning & Zoning is holding three public workshops as part of an effort to update the Calvert County Transportation Plan. The process will set a vision to integrate multimodal transportation planning with land use, historic preservation, open space and community facilities.

The first workshop on Tuesday, April 2, will feature a review of the plan and a discussion of current county transportation conditions with transportation plan consultants Sabra & Associates. Small group exercises will prioritize specific locations of concern and explore potential solutions by considering cost, environmental impacts and overall community benefit. The event will be held at Calvert Middle School, 655 Chesapeake Blvd., Prince Frederick, from 6:30 to 8:30 p.m.

Additional public workshops are scheduled for Monday, May 6 and Tuesday, June 4, with topics to be identified closer to the workshop dates. The Department of Planning & Zoning will seek public input following the release of the first draft of the new plan.

Visit www.CalvertCountyMd.gov/TransportationPlan for details about the transportation plan process or to view the current transportation plan.
