Calvert County Government Launches Enhanced Website Designs

PRINCE FREDERICK, Md. – Feb. 28, 2024 – The Calvert County Department of Communications & Media Relations has launched newly redesigned county government websites, featuring a design that adjusts smoothly to fit phone or tablet screens, and improved navigation and search functions. The redesigned websites incorporate changes reflecting the feedback from recent website surveys.

In addition to the new look and feel, users will find an accessibility tool located in the bottom right corner, that enables users to personalize the website to suit their unique visual needs, and a Google translate option located in the bottom left corner of the screen. These features aim to increase accessibility and usability for all people who use the sites.

The following websites were redesigned and feature more streamlined information:

- **Calvert County Government** (www.CalvertCountyMd.gov): The Calvert County Government website offers a range of local government services and information. This includes access to public meetings and agendas, updates on community events, public services, government news and resources for residents. To sign up for notifications about news, meetings and events, look under the new “Get Involved” tab on the homepage or visit www.calvertcountymd.gov/NotifyMe.
- **Calvert Ag** (www.CalvertAg.com): The Calvert County agriculture website, managed by the Department of Economic Development, serves as a hub for farmers and residents interested in agriculture-related information. Farmers and consumers can access this information to promote local agriculture, find locally sourced products and farmers markets, and stay informed about relevant regulations impacting the farming community.

Page 2

- **Calvert County Circuit Court** (www.CircuitCourt.CalvertCountyMd.gov): The Circuit Court website provides information and resources related to the judicial system at the circuit court level. It includes the current docket, parking information and rules and procedures, ensuring individuals have access to essential information and guidelines.
- **Choose Calvert** (www.ChooseCalvert.com): The Calvert County Economic Development website serves as a hub for information and resources related to economic growth in Calvert County. It offers information about available commercial properties, workforce development initiatives and programs to support local businesses. Additionally, it features resources for entrepreneurs and businesses looking to establish or expand operations within the county.
- **Visit Calvert** (www.VisitCalvert.com): The Calvert County tourism website, managed by the Department of Economic Development, highlights attractions, activities, points of interest and amenities in Calvert County. The newly redesigned visitor guide pairs perfectly with the website to include dining options, places to stay and attractions by geographical location in the county. The website shows the diverse and appealing waterfront and rural aspects of the county, promoting the picturesque destinations for special events.
- **Linda L. Kelley Animal Shelter** (www.CalvertCountyAnimalShelter.com): The Calvert County Animal Services website is the online home for the Linda L. Kelley Animal Shelter and Calvert County Animal Control. The website offers a comprehensive platform for individuals looking to adopt, foster, volunteer or donate to the well-being of animals in the community. Residents can view strays and animals available for adoption in real-time. The site features essential information about animal control and shelter services, including details about animal safety during weather advisories and upcoming rabies clinics.

For questions or feedback about the website updates, please contact the Department of Communications & Media Relations at communications@calvertcountymd.gov.
