### Calvert County Government Launches New Community Resources Facebook Page

**PRINCE FREDERICK, Md. – April 22, 2024** – In an effort to enhance accessibility to essential services and support for its residents, Calvert County Government is proud to announce the launch of a new Facebook page dedicated exclusively to community resources. This platform is designed to connect residents with a wide array of information and services aimed at improving quality of life for all county residents.

The Community Resources Facebook page is available at <https://www.facebook.com/CalvertCommunityResources>. The page serves as a hub where Calvert County residents can easily find comprehensive information and updates about available resources, like housing assistance, food support programs, veterans' resources, family support services, behavioral health services and much more.

“As part of our ongoing commitment to serve and support our community, we recognized the need for a focused channel that simplifies the process of finding and accessing resources,” said Community Resources Director Jennifer Moreland. “With the launch of this Facebook page, we are taking a significant step toward ensuring that our residents have the information they need at their fingertips.”

The page will feature regular updates on new and existing programs, tips on navigating services, community events, news and more. It also provides an additional platform for residents to ask questions, share feedback and engage with their community in a meaningful way.

Residents are encouraged to follow the Community Resources Facebook page to stay informed about the wealth of services available to them. By doing so, they can also contribute to a community of support and information sharing, that benefits all residents of Calvert County.
