Calvert County to Host Informational Session on Data Centers

PRINCE FREDERICK, Md. – Sept. 15, 2025 – Calvert County Government will hold a public information session, “Data Centers 101,” on Monday, Sept. 29, from 6-7:30 p.m. at the College of Southern Maryland, Prince Frederick Campus, Building B, located at 115 J.W. Williams Road in Prince Frederick. Doors will open at 5:30 p.m.

This session is designed to help residents learn more about data centers and how they operate. Attendees will have the opportunity to submit questions and gain a better understanding of how data centers may impact Calvert County. Panelists and county staff will address as many questions as possible during the meeting. Questions that require further research will be answered on the county’s data center webpage after the session.

Questions can be submitted directly through the county website before, during or after the meeting at www.ChooseCalvert.com/DataCenters. This session is purely informational and is not a public hearing. Residents may submit questions, but there will be no public comment period.

Learn more about data centers at www.ChooseCalvert.com/DataCenters.
