Safety Improvements Completed at Cove Point Road Intersection

PRINCE FREDERICK, Md. – Oct. 28, 2014 – The Maryland State Highway Administration has completed safety improvements at the intersection of Cove Point Road and Little Cove Point Road in Lusby.

A new dedicated right-turn-only lane on Cove Point Road allows eastbound motorists to turn safely on to Little Cove Point Road. Associated right-turn arrow painting is also complete.

The improvements were the result of a traffic study commissioned by Dominion as part of its application for the Cove Point liquefied natural gas export project. All costs for the work were borne by Dominion.

For more information on the Cove Point export project, visit the county's online resource center at <http://www.co.cal.md.us/CovePointProject>.
