## **5<sup>th</sup> Street Drainage Project Will Help Control North Beach Flooding**

**PRINCE FREDERICK, Md. – Nov. 3, 2015** – The Calvert County Department of Public Works will begin a project to help control flooding along 5<sup>th</sup> Street in North Beach in the coming weeks. The stormwater drainage improvement project will be completed in two phases, with the first phase beginning in mid-November.

County crews will improve the existing ditch line along the eastbound side of 5<sup>th</sup> Street between Milwaukee and Greenwood avenues. When completed, the grassed swale along the road will be re-established to provide positive drainage and address standing water and flooding issues. The work is expected to take several months.

For more information about the 5<sup>th</sup> Street drainage project, contact Engineering Division Chief Danielle Conrow at 410-535-2204 or by email at [conrowdl@co.cal.md.us](mailto:conrowdl@co.cal.md.us). Learn more about the Calvert County Department of Public Works by visiting them online at [www.co.cal.md.us](http://www.co.cal.md.us).

###

*Calvert County is Maryland's smallest county in land area with 213 square miles. It is home to nearly 90,000 people and has one of the highest standards of living in Maryland. Major industries include defense contracting, information technology, tourism, energy, advanced manufacturing and administrative services.*
