Lake Karylbrook Dam Maintenance Gets Underway

PRINCE FREDERICK, Md. – Oct. 4, 2016 – The Calvert County Department of Public Works is conducting maintenance and repair work to address deterioration and aging issues surrounding the Lake Karylbrook Dam in Chesapeake Beach. The three-month, \$275,000 improvement project will not disrupt traffic on Karen Drive.

The Lake Karylbrook Dam repair work includes clearing trees on both upstream and downstream dam slope embankments, slip-lining the existing spillway and pond riser pipe and construction of stone channels. A January 2017 completion date is planned but could be impacted by inclement winter weather.

For more information about the Lake Karylbrook Dam repair project, please contact Project Engineer Ian Liong at 410-535-2204, ext. 2217 or email liongh@co.cal.md.us. Learn more about the Calvert County Department of Public Works by visiting them online at www.co.cal.md.us. Like Calvert County Government on Facebook.

###

Calvert County is Maryland's smallest county in land area with 213 square miles. It is home to more than 90,000 people and has one of the highest standards of living in Maryland. Major industries include defense contracting, information technology, tourism, energy, advanced manufacturing and administrative services.(LL)
