"elementary" set of information/direction

While this ~~was~~ was my first meeting, it seemed more like a forum for people who have been stating their opinion to do it all over again, but in a formal setting.

What was the best part of this meeting?

Please include suggestions for improvement:

Allow more time for open discussion

List questions for discussion sections more clearly

Reach out to a new group of participants + the county's millennials/GenX to hear from the generation who will be community leaders in 2040.

- What happened to the multi-generational focus?
- Forget the designation "hamlet" - not applicable to Calco.
- Consider senior developments like Ashbury for other parts of the County (public or private) to accommodate & attract baby boomers.
- Agreement that focus should be on revitalizing Phoenix Frederick as the County-Seat Town Center - develop unique plan for historic PF to be revitalized.

Please use the space below to elaborate on your responses:

Many people do not understand the wording of the subject
 6. Since there were erroneous statements made - is all 6 groups said Dunkirk should be a Town center vs Village - At least five groups said village - it was natural for Town Center for Dunkirk.

What was the best part of this meeting?

Please include suggestions for improvement:

I still feel that the BOCC will not listen to the residents. They currently appear 100% pro growth only, despite what residents want.

The space was not easy to break out into groups
Microphones need to be used by moderator +
definitely used when questions are taken from the
audience so all can hear.

What was the best part of this meeting?

attempt to get citizens involved.

Please include suggestions for improvement:

The planning people should go to each community
to ask them how they feel about their community.
The process should not come from the consultants
to put their ideas onto each area.
