

Police Accountability Board Town Hall Meeting (Oct. 12, 2021)

Facebook Livestream Comments (as of Oct. 13, 2021, 3 p.m.)

[REDACTED]: Just what we need, people who have no clue on what it takes to do the job, telling people how to do the job.

[REDACTED]: [REDACTED], they need to be held accountable just like everyone else.

[REDACTED] There should be a government accountability board.

[REDACTED] Leave Our police officers alone! Teach your children to respect the law and officers. Lead by your own example.

[REDACTED] [REDACTED], everybody is accountable for their actions, even the police.

[REDACTED] Some people are saying the board should be 100% civilian with no police experience. I believe that's swinging the pendulum a bit too far. I was a Deputy Sheriff in Virginia 06-09, would I be ineligible under that standard? Would someone who serves as an MP or security forced in the armed forces be in eligible, I did that '00-'10. I hear what your saying, keeping a revolving door from springing up, but you are disqualify a large portion of the public who would bring valuable experience to the board. Should there be a gap between service as an officer and sitting on the board, maybe, but not a complete disqualification.

[REDACTED] [REDACTED] Crazy they say a retired or ex cop cant be part of it cuz they would be biased. Isn't that like saying if the person making the complaint is a certain race or gender then no one the board can be the same cuz they could be biased. how woke

[REDACTED] Background checks, absolutely, for all of the above.

[REDACTED] Please ask speakers to speak into the mic

[REDACTED] Speakers need to talk louder. We can not hear them.

[REDACTED] Will there be a "Criminal Accountability Board" created also? You know...gotta keep things equitable...👉

[REDACTED] I know you probably think this is really clever, but that's kinda exactly what courts are... 🙄

[REDACTED] Isn't the courts for "everyone"? 😊

[REDACTED] [REDACTED] not exactly...a police officer would have to go to court also if he/she committed a crime.

[REDACTED] [REDACTED], they should!! This is a good idea, they need to be accountable just like everyone else.

[REDACTED] guy wears a mask and then takes it off to speak into a mic that the last five people spoke into lol....

[REDACTED] This is nonsense.

[REDACTED] Rosemary Cheseldine Marra , no, it's needed.

[REDACTED] Will this be recorded or meeting notes available afterwards? I have another commitment this evening.
