

Neil Smith

Neil serves the community as a licensed real estate agent, committed to fair housing practices that are environmentally and economically constructive. His experience has deepened his commitment to smart development and safe housing. Neil previously served as a legislative intern in the Maryland General Assembly where he conducted legislative research, drafted correspondence and performed a variety of administrative functions for a State Senator.

His interests include professional acting. Neil has performed in off Broadway productions and has voiced national commercials and has appeared in other commercials, among other activities. He is an active member in multiple theater companies.

Neil resides in Port Republic and was appointed to the Environmental Commission in 2021. Currently, he is the chairman of the Commission's Guest Speaker Subcommittee.
