Town Center Master Plans

Prince Frederick Master Plan

Why Update the Master Plan?

- Ensure the visions for the Town Center are still relevant – master plan was adopted in 1989
- Changing Town Center demographics
- Economic development trends, job creation, and retail
- Emerging issues – housing cost and affordability, traffic congestion, etc.
- Changes to federal and state programs

Update Process

We are here

Identify Issues

- Staff preparation
- Community Outreach
- Public Meetings

Winter 2019/2020 - Spring 2020

Develop Plan

- Public Meetings
- Draft plan
- Planning Commission review

Spring 2020 - Fall 2020

Adoption

- Planning Commission Public Hearing/Approval Recommendation
- Board of Calvert County Commissioners Review/Public Hearing
- Adoption

Fall 2020 - Spring 2021

Preliminary work on updating the zoning regulations would begin mid-way through the master plan update process.

How Can People Participate?

- Provide input at public meetings
- Share ideas via surveys
- Submit written comments and/or speak at public hearings - Planning Commission's and Board of County Commissioners'

We Need Your Help

- In informing group members, neighbors, friends, residents, property owners, renters, business owners, and visitors;
- In reaching young adults and youth; and
- In sharing with staff what your members would like the plan to achieve.

Public Meetings in Phase I

- January 30 – Thursday
 - Snow Date Feb. 3
- February 26 – Wednesday
 - Snow Date March 4
- Focus Area Workshop in April and May

Meeting dates after January are tentative and subject to change.

CensusMaryland

CENSUS 101: WHAT YOU NEED TO KNOW

The 2020 Census is closer than you think! Here's a quick refresher of what it is and why it's essential that everyone is counted.

Everyone counts.

The census counts every person living in the U.S. once, only once, and in the right place.

It's about fair representation.

Every 10 years, the results of the census are used to reapportion the House of Representatives, determining how many seats each state gets.

It's in the constitution.

The U.S. Constitution mandates that everyone in the country be counted every 10 years. The first census was in 1790.

It's about \$675 billion.

The distribution of more than \$675 billion in federal funds, grants and support to states, counties and communities are based on census data.

That money is spent on schools, hospitals, roads, public works and other vital programs.

It's about redistricting.

After each decade's census, state officials redraw the boundaries of the congressional and state legislative districts in their states to account for population shifts.

Taking part is your civic duty.

Completing the census is mandatory: it's a way to participate in our democracy and say "I COUNT!"

Census data are being used all around you.

Residents use the census to support community initiatives involving legislators, quality-of-life and consumer advocacy.

Your privacy is protected.

It's against the law for the Census Bureau to publicly release your responses in any way that could identify you or your household.

By law, the Census Bureau cannot share your answers with any other government agency.

You can help.

You are the expert—we need your ideas on the best way to make sure everyone in your community gets counted.

Businesses use census data to decide where to build factories, offices and stores, which create jobs.

Local governments use the census for public safety and emergency preparedness.

Real estate developers use the census to build new homes and revitalize old neighborhoods.

2020 will be easier than ever.

In 2020, you will be able to respond to the census online.
